# SORA

*It is a small and quiet town in the centre of Italy; the Liri river runs through it and an old castle on the San Casto mountain dominates it. It has 27.000 inhabitants. It is 120 km far from Rome. Near Sora there are very nice villages such as Isola del Liri with its characteristical waterfall, Arpino, Posta Fibreno lake.*

*The IC2SORA (The Second Institute of Sora) is situated in Sora. It is also called "Riccardo Gulia" from the name of an important poet from Sora who was a very cultured man and composed many poems in dialect of this town.*

***The IC2SORA was set on 1st September 2012 when Secondary Schools of First Grade (students of 11-14 years old) were accorped to Primary schools and Kindergarten schools to create the Institutes. In 2013 the Institute took some classes with musical orientation.***

***Lawyer Maddalena Cioci .  
She has been the principal of IC2SORA since Semptember 2020.***

***Our Institute is made of 12 schools dislocated in a whole area both in the centre of town and the suburbs.***

***Schools locations include:***

***n. 5 Kindergarten Schools***

***n. 5 Primary Schools***

***n. 3 Secondary Schools***

***782 students***

***133 teachers***

***Ruggeri Primary School is situated in the centre of Sora and it is the main school where there are the management and administrative offices. In the same building there are seven classes of Primary School, three sections of Kindergarten School and three classes of Secondary school. The building is an ancient palace. In the past, it was a religious Institute. Later it became an Institute of High School of Commerce, then a university center. Since 2017 it hosts Ruggeri School. We teach from Monday to Friday.***

**The Kindergarten Schools are open from 8,00 to 4,00 p.m.**

## PRIMARY SCHOOLS

*We have four Primary Schools with 27 hours and one section with 40 hours. In the Primary schools with 27 hours students stay at school from 8.15 to 13.15 except on Monday when students finish lessons at 3.45 p.m. In the section with 40 hours students start lesson at 8.15 and finish at 4.15 every day.*

**SAN ROCCO**

# SECONDARY SCHOOLS

*In the Secondary  
School lessons  
start at 8.15 and  
finish at 2,00  
p.m.*

**RUGGERI**

**CARNELLO**

**SCHITO  
VICENNE**

*In recent years the number of our students has increased noticeably thanks to a diversified offer that focuses on the different needs of our students. Our school is involved in different projects: international project of Erasmus, European Projects of PON, Trinity certificate, common project of Institute in continuity with the three sections of school,*

*In some classes some content topics are taught using methodology of CLIL.  
The Secondary School boasts a nice orchestra composed by sax, violins, transverse flute, drums, xylophone. Music teachers give individual lessons to pupils who choose to learn playing an instrument.  
Our students are mostly from Italy, few from other Countries (Africa, Ukraine, .....)*
